

ATVs and Dirt Bikes

April 30-May 2, 2010

Hollister, San Benito County

Last year's ATV workshop was one of the biggest hits of the year! So, we've decided to do it again and include dirt biking for those who have already been through the ATV clinic. Both learning venues will deliver a certificate.

We are partnering with the California Department of Parks and Recreation to bring you this exciting clinic. Topics we will cover are: preparation, protective gear, pre-ride inspections, preparing to ride, turning basics, riding on hills, riding strategies, and riding on different terrain.

We will be camping at Hollister Hills State Vehicular Recreation Area, just an hour's drive from San Jose.

We will provide the vehicles, the safety gear, instruction and the camping facility. You will be responsible for your camping gear and food. We may be providing some of the food, Dutch oven style, but will confirm that as the time gets closer. Showers are available onsite.

And, in the evening, we are invited to a **wine tasting** at two of the local wineries. It just doesn't get any better!

Fee: \$250

25 participants

In California, over 5,000 women have participated in a BOW event.

Don't wait another minute to step outside and join us.
